### Tardy Policy

Students are expected to be in their assigned classrooms when the tardy bell rings. Each student is allowed six tardies per semester, and each of those six tardies is a warning. The purpose of the warnings is to help students deal with mishaps in the hall, bad weather, heavy traffic, etc. When a student exceeds six tardies, the student will begin receiving consequences from their Assistant Principal. Tardies will start over after each semester. Students seen intentionally being tardy may have all tardy privileges revoked and consequences elevated. Students who drive to school may have additional consequences including suspension of parking and/or loss of parking privileges.

### LUNCH DROP-OFF POLICY:

Safety is the utmost importance for our students. For the safety of our students, all lunches brought in to school for your student will need to be signed in at the front office. Lunches will be taken to the AP office for the students to pick-up. **There will be NO food deliveries accepted by any outside vendor.** Our students know that the AP office is the location to pick up items. Thank you for your help and cooperation.

## CPHS-INTegrity AND KINDNESS

### VIDEO

#### CAVALIER CHALLENGE:

“No one has ever made themselves great by making others look small.” When we act with respect and love, in other words with integrity and kindness, we make a difference. Who you are is measured by how you treat others. Your challenge is to be a leader and set the example. Make a difference through your words, actions, and presence of integrity and kindness.

“Kindness spreads like a virus”.... be contagious.

## NEWEST EPISODE!

We have had another exciting competition!

We struggled through a tough qualification round against some of the best teams in the state ending with a winning record in qualifications and being chosen as the 1st pick of the 5th seed alliance.

The Chairman's team and pit crew worked tirelessly to share Texas Torque's passion for engineering design and STEM outreach. After days of speaking with judges, Texas Torque proudly accepted the Innovation in Control Award. This award recognizes all the features and innovations our programming team has put into the control systems of our robot. This is Texas Torque's first District-level Innovation in Control Award, and the first Innovation in Control Award received since 2015.

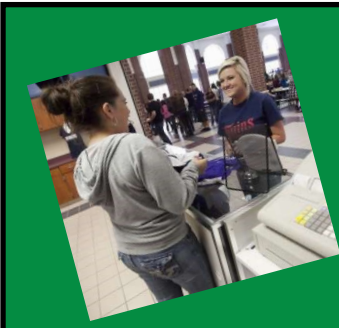

Texas Torque ended district play ranked 16th in the state, qualifying us for the FIRST Championship at the George R Brown Convention Center April 20th - 23rd.
