

Safety and Security:

Our unwavering commitment to enhancing the safety and security of our school is a top priority. We continuously evaluate and refine our safety procedures to ensure a secure environment for all our students.

Please be aware of the following:

1. Access to the School During the Day:

- a. The main entrance (Honor Roll Drive) will be the only road available for entry during school hours.
- b. All visitors and traffic must enter this road to access the school. All traffic exiting the campus will exit on the same road.
- c. Campus security personnel will be monitoring the area to assist as needed.

We appreciate your cooperation in communicating with our security personnel as they are working to assure you have a pleasant visit to our campus and keep all of us safe. Please know that stopping and talking with them might be part of the process when visiting.

- d. All other entrances (Fellowship Drive and Achievement Drive) will be blocked so no one can enter or exit our campus on those roads.

2. Door Access:

- a. Campus doors are locked at all times.
- b. Visitors can only access the school through the main entrance. Visitors must use the intercom/video system to access the building. Please be prepared to state your name, your child's name, and the reason for the visit.
- c. Visitors will check-in with the receptionist and receive an identification badge (driver's license is required)
- d. If you must pick up your child early, please visit the attendance office window. You will need your physical ID to check out your child.

3. Deliveries:

- a. We ask that parents limit deliveries to students during the day.
- b. Please encourage your child to be prepared with all assignments and a lunch for the day. It helps them take ownership and responsibility for their daily life and, at the end of the four years, improves independence and college readiness. Please know that they will navigate the situations that arise and grow from each one.

We deeply appreciate your assistance and cooperation in our collective efforts to maintain a safe school environment.
